

THROWS "WEIGHT" AROUND—Weighing in at only 155-pounds, Dave French rates high praise from his coaches for his outstanding performance as defensive line-backer on the Wakefield varsity grid squad. A junior, Dave is considered one of the best tacklers on the team, and is an equally good punter. With still another year to gain experience, the young athlete should develop into another fine example of American youth, outstanding in competition both on the grid field and in the classroom.
